BUSINESS ATHLETE.
ADVANCED VISIBILITY.
ADVANCED TECHNOLOGY.

GREATER VISIBILITY THANKS TO LED HEADLIGHTS • IMPROVED AERODYNAMICS THANKS TO ACTIVE STREAM KIDNEY GRILLE AND AIR CURTAIN • MORE FORWARD MOMENTUM THANKS TO PRECISE SHAPES AND LINES
DYNAMICS THAT CANNOT GO UNNOTICED.

DYNAMIC M SPORT MODEL • LARGE AIR BREATHERS • ATHLETIC APRON • 19" M LIGHT ALLOY DOUBLE SPOKE WHEELS
AUTOMATIC AIR CONDITIONING WITH FOUR-ZONE CONTROL

■ LEATHER DAKOTA
■ EXCLUSIVE LEATHER ‘NAPPA’
■ COMFORT SEATS IN FRONT
■ REAR-SEAT ENTERTAINMENT PROFESSIONAL

IN THE CONFINES OF LUXURY.
NEW AND INTUITIVE USER TECHNOLOGIES:
  - THE INTELLIGENT BMW GESTURE CONTROL
  - THE INNOVATIVE TOUCH DISPLAY
  - WIRELESS CHARGING
  - PARKING ASSISTANT WITH SURROUND VIEW CAMERA
  - REMOTE CONTROL PARKING WITH BMW DISPLAY KEY

INNOVATIONS AHEAD OF THEIR TIME.
THE UNIQUE COMBINATION OF ELEGANT AND DYNAMIC DESIGN, INTELLIGENT BMW TECHNOLOGIES AND INNOVATIVE CONTROL CONCEPTS MEANS YOU CAN FOCUS ON YOUR DRIVE, FUELED BY TOP PERFORMERS, THE ALL-NEW BMW 5 SERIES COMBINES OUTSTANDING OUTPUT WITH POWERFUL ATHLETICS AND REACHES ALL DESTINATIONS WITH EFFICIENCY AND PURPOSE. A TRUE BUSINESS ATHLETE: THE ALL-NEW BMW 5 SERIES.
AROUND 20% LESS CO2 EMISSIONS.

BMW EfficientDynamics is a technology package that goes beyond engines to encompass the entire vehicle concept and intelligent energy management. A whole range of innovative technologies come as standard in all BMW models, continuously increasing vehicle efficiency. By improving aerodynamics, engine efficiency and using lightweight construction design, the all-new BMW 5 Series has succeeded in reducing CO2 emissions, by 15% for 520d and 21% for 530d.

AERODYNAMICS.

With targeted measures focusing on Aerodynamics, BMW has optimised drag coefficient and efficiency. Fuel consumption has also been considerably reduced, by 18% for 520d and 27% for 530d. The Active air stream kidney grilles and the Air curtain on the front wheels are all targeted and detailed measures to further reduce air resistance.

UP TO 70 kg LIGHTER THANKS TO INTELLIGENT LIGHTWEIGHT CONSTRUCTION.

Precision-engineered to the smallest detail, intelligent lightweight construction means selecting and applying the best material for every part of the vehicle. The BMW EfficientLightweight concept seeks to reduce weight as much as possible by using exceptionally lightweight materials such as aluminium or carbon (carbon fibre reinforced plastic). This gives an added boost to dynamic driving characteristics and increases the vehicle’s stability, safety and comfort.

INTELLIGENT START-STOP FUNCTION.

The Intelligent StartStop function enhances driving comfort with the help of the interaction of the navigation, camera and radar data. It switches the engine off only when an extended standing time is expected and the energy required to start the engine is likely to be lower than that saved when it is shut down.

### DIESEL

**BMW 520d**
- BMW TwinPower Turbo four-cylinder diesel engine with 190 hp (140 kW) and 400 Nm of torque
- Acceleration 0 – 100 km/h: 7.5 seconds
- Top speed: 235 km/h
- Fuel Economy: 22.48 km/l
- CO2 emissions: 117.34 g/km

**BMW 530d**
- BMW TwinPower Turbo six-cylinder diesel engine with 265 hp (195 kW) and 620 Nm of torque
- Acceleration 0 – 100 km/h: 5.7 seconds
- Top speed: 250 km/h
- Fuel Economy: 18.59 km/l
- CO2 emissions: 141.62 g/km

### PETROL

**BMW 530i**
- BMW TwinPower Turbo four-cylinder petrol engine with 252 hp (185 kW) and 350 Nm of torque
- Acceleration 0 – 100 km/h: 6.2 seconds
- Top speed: 250 km/h
- Fuel Economy: 15.56 km/l
- CO2 emissions: 152.93 g/km

---

1 Performance data as measured in the emission test done under controlled conditions of environment, driving cycle, fuel, etc. as specified in Rule 115 of Central Motor Vehicle Rules, 1989.
BMW ConnectedDrive.
So connected, you’re free.

With BMW Gesture Control, selected functions can be operated by means of defined hand movements. Simple gestures such as ‘swiping’ or ‘pointing’ are identified in the recognition area above the centre console and trigger functions such as accepting or rejecting an incoming telephone call, proceeding or cancelling navigation as well as starting and ending voice recordings.

The newly developed interface design of Navigation system Professional makes using the constantly expanding function of the infotainment system in the all-new BMW 5 Series easier, more lucid and intuitive. The 26 cm (10.25”) LCD display has Touch functionality, configurable home screen, 3D Maps and can also be operated through iDrive Touch Controller.

Parking Assistant with Surround View Camera makes parking and manoeuvring the vehicle easier. The Parking Assistant with linear guidance parks the vehicle automatically, parallel or perpendicular to the street. If the driver parks manually without the help of the Parking Assistant, Active Park Distance Control (PDC) offers additional protection against damage with the Lateral parking aid.

BMW Head-Up Display offers a full-colour projection of driving-relevant and situational information onto the windscreen with improved resolution of 800 x 400 pixels.

Surround View includes the camera-based functions like Rear view camera, Panorama View, Top View and 3D View. The cameras in the exterior mirrors as well as at the front and rear of the vehicle allow for a 360° all-around view.

Remote Control Parking with BMW Display Key function allows the driver to conveniently get out of the vehicle before parking it via remote control by moving it forward into, or reversing out of a tight parking space or garage. The driver activates the remote-controlled parking function from outside the vehicle via the BMW Display Key.
The extremely torsionally stiff but light Body Construction provides the basis for sporty driving dynamics, high-precision steering and agility. Additionally, it offers the passengers the best possible all-round protection.

LED Headlights with Adaptive headlights, variable city and motorway light distribution and BMW Selective Beam provide optimum illumination of the road when driving in the dark. Even at a standstill, the integrated cornering lights are automatically activated by signalling or turning the steering wheel and are active at speeds of up to 35 km/h.

Dynamic Stability Control (DSC) permanently assesses the vehicle's movements and stabilises it using engine and braking regulation when unstable driving conditions are detected. Additional features of DSC are, for example, brake drying, braking readiness or the Hill-Start Assistant, which holds the vehicle briefly in place when starting on inclines to prevent it from rolling backwards.

The 8-speed Steptronic Sport transmission offers incredibly sporty gear changes. Whether automatic or manual using gearshift paddles or gear lever - for comfortable coasting or incredibly dynamic driving. In SPORT+ mode and with the gear lever in the left-hand S/M position, the gear shifts are configured for maximum performance.

The Dynamic Damper Control makes it possible to adjust the damper characteristics to suit respective driving and road situation, increasing comfort and driving dynamics.

Additionally, ADAPTIVE Mode is an intelligent driving mode that automatically supports a more sporty or comfortable driving style in accordance with individual driving behaviour.
If you wish, the all-new BMW 5 Series can do the parking for you courtesy of the Remote Control Parking function. Simply centre the vehicle ahead of a space, step out and use the standard BMW Display Key to manoeuvre your BMW, even if it’s a tight spot.

Once parked, the engine can be switched off via the key. And when it’s time to move on, the engine can also be restarted via the key. During remote-controlled pulling out of a parking space, the vehicle automatically reverses in a straight line.
EQUIPMENT HIGHLIGHTS.

The Adaptive LED Headlights with High Beam Assistant include BMW Selective Beam, cornering lights and adaptive headlights. The light colour is similar to daylight and provides an ideal, even illumination of the road to improve visibility and make driving in the dark less tiring. The iconic light design with four light elements makes the vehicle recognisable as a BMW even at night.

The Comfort Access with smart-opener makes it possible to open all four vehicle doors, including the luggage compartment, without using the key. This equipment includes contactless opening of the bootlid with a quick wave of the foot under the rear bumper.

The BMW Display Key shows various information about the vehicle’s status and allows selected functions to be controlled with an integrated touch display.

The Electric Glass Sunroof with slide and lift function, including an electric sliding interior roof, anti-trap protection, as well as comfort opening and closing, allows the airflow to be individually regulated to create a pleasant interior climate.

The integrated wind deflector prevents draughts from developing in the interior and ensures a lower level of wind noise.

The BMW Individual Exterior Line in satinised Aluminium creates luxurious highlights with window recess finishers and side frame trim strips in silky matt brushed Aluminium. The exterior mirror frames and bases in Black high-gloss create a stylish contrast to these elements.

The Air Breather channel air to the front wheels, reducing air resistance, fuel consumption and CO₂ emissions.

The BMW Display Key shows various information about the vehicle’s status and allows selected functions to be controlled with an integrated touch display.

The iDrive Touch Controller with direct menu control buttons, eight functional bookmarks and voice control makes operation intuitive by allowing you to enter the address of your destination in handwriting on its touch-sensitive surface.

The Active Air Stream Kidney Grille knows when the engine, brakes and other components need air and automatically opens the air vents. If no further air intake is required, it closes them again. This improves aerodynamics and fuel consumption falls.

The iconic light design with four light elements makes the vehicle recognisable as a BMW even at night.

The Adaptive LED Headlights with High Beam Assistant include BMW Selective Beam, cornering lights and adaptive headlights. The iDrive Touch Controller with direct menu control buttons, eight functional bookmarks and voice control makes operation intuitive by allowing you to enter the address of your destination in handwriting on its touch-sensitive surface.

Rear-Seat Entertainment Professional includes two tiltable independent (20.3 cm (8.0‘‘)) screens in HD resolution (1280 x 720) with a BluRay® drive. This makes it possible to access the vehicle’s entertainment functions and navigation system (driver independent) with operation via remote control. It also features connection ports for HDMI, MP3 players, game consoles, USB devices and headphones.

EQUIPMENT HIGHLIGHTS.

With BMW Gesture Control, certain functions can be operated by means of defined hand movements. For certain operations the system will, for example, recognise gestures such as ‘swiping’ or ‘pointing’ for accepting or rejecting an incoming call, or circular motions of the index finger to adjust volume.

The LED Rear Lights are split into two parts, with LED technology featured in the tail lights, brake lights, turn indicators and reversing lights.

The Automatic Air Conditioning with Four-Zone Control comes with the equipment included in automatic air conditioning with two-zone control with extended features, along with two air vents in the B columns. Additionally, the rear passengers can individually adjust their own climate via a separate control element with display.

The BMW Gesture Control enables certain functions to be operated by means of defined hand movements. For certain operations the system will, for example, recognise gestures such as ‘swiping’ or ‘pointing’ for accepting or rejecting an incoming call, or circular motions of the index finger to adjust volume.

The Automatic Air Conditioning with Four-Zone Control comes with the equipment included in automatic air conditioning with zone control with extended features, along with two air vents in the B columns. Additionally, the rear passengers can individually adjust their own climate via a separate control element with display.

Comfort seats in exclusive leather “Nappa” complemented with an Instrument Panel in Sensatec Leather and Ambient Lighting lend the interior a highly exclusive atmosphere.

The Comfort Seats for driver and front passenger can be electrically adjusted in a variety of ways and provide a perfect seating position for a relaxed arrival.

The Lumbar Support for the driver and front passenger seats can be adjusted both vertically and laterally, allowing for an orthopaedically optimised seating position.

The Reversing Assist Camera enables improved orientation when reversing at speeds below 10 kmph. It shows the area behind the car on the Control Display. Interactive track lines for measuring distance and turning circles assist the driver when manoeuvring, obstacles are marked in colour.

The Multifunctional Instrument Display with Black Panel technology and a screen diagonal of 31.2 cm (12.3") provides a highly impressive visualisation of the driving experience. The different modes and their specific displays – each of which have their own colour scheme and graphic style – can be displayed in the instrument cluster.

Enhanced Bluetooth with Wireless Charging offers a comprehensive telephony package with Bluetooth connectivity.

The Harman Kardon Surround Sound System with a powerful 600-Watt digital amplifier, vehicle specific equalising, 16 loudspeakers, including 2 with Chrome surround, a center speaker and surround mode create an aural experience of the highest intensity.

The Driving Experience Control offers the driver the choice between the standard COMFORT mode, ECO PRO Mode, geared towards efficiency and SPORT+ mode, which enables an even more dynamic driving experience.

Additionally, ADAPTIVE Mode is an intelligent driving mode that automatically supports a more sporty or comfortable driving style in accordance with individual driving behaviour.

The Harman Kardon Surround Sound System with a powerful 600-Watt digital amplifier, vehicle specific equalising, 16 loudspeakers, including 2 with Chrome surround, a center speaker and surround mode create an aural experience of the highest intensity.

AS A PROUD BMW OWNER, ACCESSORIES ARE CUSTOMISED TO YOUR OWN INDIVIDUAL TASTE. NOW YOU CAN FURTHER ENHANCE YOUR DRIVING PLEASURE WITH ORIGINAL BMW ACCESSORIES AND PERSONALISE YOUR 5 SERIES FOR A GREATER LEVEL OF LUXURY. CHOOSE FROM OUR WIDE RANGE OF ACCESSORIES SPECIALLY DESIGNED FOR THE INTERIOR, EXTERIOR, ENTERTAINMENT, CONNECTIVITY, TRAVEL AND COMFORT TO SUIT YOUR INDIVIDUAL NEEDS.
M PERFORMANCE ACCESSORIES.

BMW M Performance Drive Analyser. The Drive Analyser comprises of an on-board diagnostics stick and a smartphone app to collect and analyse a variety of technical driving data.

BMW M Performance Kidney Grille, Black. The high-gloss black kidney grille gives the front of the car an even more dynamic and athletic look. The glossy black surrounds make the air inlet appear more striking and bigger than ever.

BMW M Performance Accent Stripes. The accent stripes in black/silver matt give the car a highly individual and dynamic appearance.

BMW M Performance Rear Spoiler, Carbon Fibre. The BMW M Performance rear spoiler made of 100% carbon underscores the individual appearance of the vehicle and guarantees optimised aerodynamic values.

**WHEELS AND TYRES.**

- **20” BMW Individual light alloy V-spoke style 759 I wheels** bi-colour, front 8J x 20 with 245/35 R20 tyres and rear 9J x 20 with 275/30 R20 tyres.

- **19” light alloy W-spoke style 663 I wheels** bi-colour, front 8J x 19 with 245/40 R19 tyres and rear 9J x 19 with 275/35 R19 tyres.

- **18” light alloy Multi-spoke style 619 wheels**, 8J x 18 with 245/45 R18 tyres.

- **17” light alloy V-spoke style 618 wheels**, 7.5J x 17 with 225/55 R17 tyres.

- **17” light alloy V-spoke style 631 wheels**, 7.5J x 17 with 225/55 R17 tyres.

- **18” light alloy V-spoke style 684 wheels**, 8J x 18 with 245/45 R18 tyres.

- **19” M light alloy Double-spoke style 664 M wheels**, Black, front 8J x 19 with 245/40 R19 tyres and rear 9J x 19 with 275/35 R19 tyres.

**EXTERIOR ACCESSORIES.**

- **BMW Outdoor Car Cover.** The fitted, waterproof outdoor car cover reliably protects the car all year round from the sun, water, dirt and scratches, helping to maintain the value of the vehicle.

- **BMW Mud Flaps.** Available for both front and rear wheels. Protect your vehicle and the car behind you against dirt and stone chips.

- **BMW LED Door Projectors.** The innovative door projectors are automatically activated when the doors are opened. They project an image onto the ground next to the car using an interchangeable slide.
**INTERIOR ACCESSORIES.**

- **BMW Backrest Bag.** Ideal for travelling with children. Black in colour, the bag is attached to the front seat backrest. With various closable pockets and an insulated bottle compartment, it offers a large amount of storage space of all kinds of items.

- **BMW Leather Key Case.** The perfectly fitted case, made from high-quality leather, is fixed to the key with a stylish metal clasp. It protects against scratches, dirt and moisture and protects buttons from accidental usage.

- **Travel & Comfort System – Universal Hook.** The universal hook makes it possible to hang items of clothing or light bags on the rear side of the backrest, protecting them from dirt in the footwell.

- **BMW Baby Seat Group 0+.** The BMW Baby Seat Group 0+ with a five-point belt offers unsurpassed safety and comfort for babies up to approx. 13 kg (approx. 15 months old).

- **BMW Junior Seat Group 1.** The BMW Junior Seat Group 1 is the safe choice for children from approx. 12 months to 4 years old (approx. 9–18 kg).

- **BMW Junior Seat Group 2/3.** The BMW Junior Seat Group 2/3 can be adjusted as the child grows and offers maximum safety and comfort for children aged approx. 3 to 12 years (approx. 15–36 kg).

- **BMW Advanced Car Eye.** The BMW Advanced Car Eye with a full HD camera and memory detects critical situations while driving and assists with a view when parking.

- **BMW Display Key Case.** The precision-made case from Nappa leather protects the BMW Display Key from dirt and scratches.

- **BMW LED torch.** The BMW LED torch features an elegant stainless steel design and is highly impressive, with very low energy consumption, a lifespan of up to 2,000 charges and an enormous illumination range.

- **BMW Baby Seat Group 0+.** The BMW Baby Seat Group 0+ with a five-point belt offers unsurpassed safety and comfort for babies up to approx. 13 kg (approx. 15 months old).

- **BMW Headphones Bowers & Wilkins - Black/Silver.** The new BMW Headphones from the premium high-end audio specialists Bowers & Wilkins impress with outstanding acoustic properties and an exceptional audio experience.

- **Wireless Charging Case.** The wireless charging case enables inductive charging of the iPhone 5/5s, iPhone 6/6s and iPhone 6/6s Plus models.

- **All-Weather Floor Mat.** Specially for the BMW 5 Series, so it offers a 100% fit. Simple to attach using a velcro disc attachment system, so it is non-slip.

- **Cool Bag.** The attractive electric cool bag in Black and Anthracite has a 14-litre capacity.

- **BMW Dual USB Charging Adapter.** The BMW dual USB charging adapter is simply inserted into the cigarette lighter.

A BMW will run well when it’s kept well. And to make your journey one with complete peace of mind, we have packages under BMW Service and Repair Inclusive that take care of maintenance, inspection, wear and tear and warranty.

**BMW Service Inclusive (BSI)**

A single up-front payment covers an extensive range of work on your BMW for a fixed period.

**Completely transparent.**

Integrate the cost of service work in your leasing and finance installments.

**Fully flexible.**

You have a choice of various packages with different durations and mileage. You can choose from 3 years with 40,000 km to 10 years with 200,000 km.

**Easily transferable.**

Consistent maintenance by trained BMW Service staff and the use of Original BMW Parts secure the value of your car in the long term. In case you sell your car, BMW Service Inclusive is automatically transferred to the next owner – an additional selling point.

**BMW Repair Inclusive (BRI)**

BRI offers the ease of extending the warranty of your car with unlimited mileage up to 6 years.

BRI too is automatically transferred to the next owner in the event of selling your car.

**BMF Financial Services**

In the world of BMW, world-class isn’t limited to the vehicles we engineer. It also finds its way into the services we offer. BMW Financial Services is the most flexible and efficient way to realise your dream of owning a BMW. Our goal is to make your financing experience seamless at every step of your purchase so that nothing comes between you and the joy of driving your BMW.

At BMW Financial Services, you are assured of:

- Tailor-made finance options, as per your specific needs
- Quick approvals with fast turnaround time
- Special loyalty benefits
- Part payment facility
- In-house call centre that provides the best-in-class customer interaction

The all-new BMW 5 Series comes with an exclusive BMW 360° plan. It has benefits at every step of the way, all to ensure sheer driving pleasure.

**Easy to Buy.**

The BMW 360° programme allows you to pay low monthly installments as you pay for what you use.

**A Joy to Own.**

It offers various options under service and maintenance packages which further reduce your cost of ownership.

**Future Proof.**

The BMW 360° programme provides assured buyback value at the end of your finance contract.
